Introduction

Procurement is carried out in accordance with policies and procedures laid down in the *Guidelines*: (hereinafter called *Procurement Guidelines*). To help MDAs to contract the performance of Non-Consultant Services (services that are not classified as Consultant Services) PLSBPP has bidding documents to be used, Non-Consultant Services will hereinafter be referred to simply as “Services”.

The Bidding Documents have been prepared for use by MDAs in the procurement of Services by International Competitive Bidding (ICB). These documents may also be adapted to National Competitive Bidding (NCB) with some changes generally necessary in the Instructions to Bidders and the Conditions of Contract.

These Bidding Documents are intended as model lump sum types of Contract, which are the most common in Services contracting. Lump sum contracts are used in particular for Services which are well defined and are unlikely to change in quantity or specification, and where encountering difficult or unforeseen site conditions are unlikely.¹

Care should be taken to check the relevance of the provisions of the standard documents against the requirements of the specific Services to be procured. The following directions should be observed when using the documents:

- (a) All the documents listed in the Table of Contents are normally required for the procurement of Services; however, they should be adapted as necessary to the circumstances of the particular Project.
- (b) Details to be provided by the MDA prior to release of the bidding documents are limited to the Invitation for Bids (User’s Guide), Instructions to Bidders (Section I), Bidding Data Sheet (Section II), and Special Conditions of Contract (Section VII), in addition to Sections V and VIII, which deal with Activity Schedule, Performance Specifications and Drawings, respectively. **Specific details** should be furnished in the spaces indicated by italicized notes inside brackets. Those details not filled in by the MDA are the responsibility of the Bidder.
- (c) These Bidding Documents are intended to serve on a repetitive basis in the MDAs, once agreement between the MDAs and the Project has been reached. Modifications to address specific Contract needs should be provided only in the Special Conditions of Contract as amendments to the Conditions of

¹ Lump sum contracts should be used for Services that can be defined in their full physical and qualitative characteristics before bids are called, or where the risks of substantial design or performance variations are minimal. In lump sum contracts, the concept of priced “activity schedules” has been introduced, to enable payments to be made as “activities” are completed. Payments can also be made on the basis of percentage completion of each activity.

Contract. If modifications must be made to the bidding procedures, they can be presented in the Bidding Data Sheet.

- (d) The foot-notes and the notes inside boxes with single borders are not part of the text, but rather contain instructions for the user, as do the Preface and this Introduction section. **They should not be incorporated in the bidding documents.** The cover should be modified as required to identify the bidding documents as to the names of the Project, Contract, and MDA, in addition to the date of issue.
- (e) The notes inside boxes with double borders should be retained in the issued bidding documents, since these notes provide important guidance to bidders.
- (f) The standard documents have been prepared for bidding where post qualification applies; adaptations are necessary to ITB Clause 5 and corresponding Bidding Data Sheet, and Forms when prequalification has taken place. The process of prequalification of bidders is not covered in these standard documents.

Summary Description

These Standard Bidding Documents for Procurement of Works and its User's Guide apply either when a prequalification process has taken place before bidding or when a prequalification process has not taken place before bidding (provided alternative documents should be selected as applicable). A brief description of these documents is given below.

| 3. Corrupt or Fraudulent Practices | <p>3.1 It is the Project's policy to require that MDAs (including beneficiaries of PLSG loans), as well as bidders, suppliers, and contractors and their subcontractors under PLSG-financed contracts, observe the highest standard of ethics during the procurement and execution of such contracts.² In pursuance of this policy, the PLSG:</p> <p style="margin-left: 20px;">(a) defines, for the purposes of this provision, the terms set forth below as follows:</p> <p style="margin-left: 40px;">(i) "corrupt practice"³ is the offering, giving, receiving or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;</p> <p style="margin-left: 40px;">(ii) "fraudulent practice"⁴ is any act or omission, including a misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain a financial or other benefit or to avoid an obligation;</p> |

⁴ For the purpose of these SBDs, "party" refers to a public official; the terms "benefit" and "obligation" relate to the procurement process or contract execution; and the "act or omission" is intended to influence the procurement process or contract execution.

- (iii) “collusive practice”⁵ is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;

- (d) will sanction a firm or individual, including declaring them ineligible, either indefinitely or for a stated period of time,

⁵ For the purpose of these SBDs, “parties” refers to participants in the procurement process (including public officials) attempting to establish bid prices at artificial, non competitive levels.

⁶ For the purpose of these SBDs, “party” refers to a participant in the procurement process or contract execution.

- (e) will have the right to require that a provision be included in bidding documents and in contracts financed by the budget, requiring bidders, suppliers, contractors and consultants to permit the Project to inspect their accounts and records and other documents relating to the Bid submission and contract performance and to have them audited by auditors appointed by the Project.

3.2 Furthermore, Bidders shall be aware of the provision stated in Sub-Clauses 1.7 and 2.6.1 of the General Conditions of Contract.

In addition to submitting the basic Bid, the Bidder shall provide all information necessary for a complete evaluation of the alternative by the MDA, including calculations, technical specifications, breakdown of prices, proposed work methods and other relevant details. Only the technical alternatives, if any, of the lowest evaluated Bidder conforming to the basic technical requirements shall be considered by the MDA. Alternatives to the specified performance levels shall not be accepted.

18.4 When bidders are **permitted in the BDS** to submit alternative technical solutions for specified parts of the Services, such parts shall be described in the Specifications (or Terms of Reference) and Drawings, Section VIII. In such case, the method for evaluating such alternatives will be as **indicated in the BDS**.

19. Format and Signing of Bid

19.1 The Bidder shall prepare one original of the documents comprising the Bid as described in ITB Clause 11 of these Instructions to Bidders, bound with the volume containing the

23.5 Bidders may only offer discounts to, or otherwise modify the prices of their bids by submitting Bid modifications in accordance with this clause, or included in the original Bid submission.

E. Bid Opening and Evaluation

24. Bid Opening

24.1 The MDA will open the bids, including modifications made pursuant to ITB Clause 23, in the presence of the bidders' representatives who choose to attend at the time and in the place **specified in the BDS.**

24.2 Envelopes marked "WITHDRAWAL" shall be opened and read out first. Bids for which an acceptable notice of withdrawal has been submitted pursuant to ITB Clause 23 shall not be opened.

24.3 The bidders' names, the Bid prices, the total amount of each Bid and of any alternative Bid (if alternatives have been requested or permitted), any discounts, Bid modifications and withdrawals, the presence or absence of Bid Security, and such other details as the MDA may consider appropriate, will be announced by the

MDA at the opening. No bid shall be rejected at bid opening except for the late bids pursuant to ITB Clause 22; Bids, and modifications, sent pursuant to ITB Clause 23 that are not opened and read out at bid opening will not be considered for further evaluation regardless of the circumstances. Late and withdrawn bids will be returned unopened to the bidders.

24.4 The MDA will prepare minutes of the Bid opening, including the information disclosed to those present in accordance with ITB Sub-Clause 24.3.

25. Process to Be Confidential

25.1 Information relating to the examination, clarification, evaluation, and comparison of bids and recommendations for the award of a contract shall not be disclosed to bidders or any other persons not officially concerned with such process until the award to the successful Bidder is notified of the award. Any effort by a Bidder to influence the MDA's processing of bids or award decisions may result in the rejection of his Bid.

25.2 If, after notification of award, a bidder wishes to ascertain the grounds on which its bid was not selected, it should address its request to the MDA, who will provide written explanation. Any request for explanation from one bidder should relate only to its own bid; information about the bid of competitors will not be addressed.

26. Clarification of Bids

26.1 To assist in the examination, evaluation, and comparison of bids, the MDA may, at the MDA's discretion, ask any Bidder for clarification of the Bidder's Bid, including breakdowns of the prices in the Activity Schedule, and other information that the MDA may require. The request for clarification and the response shall be in writing or by cable, telex, or facsimile, but no change in the price or substance of the Bid shall be sought, offered, or permitted except as required to confirm the correction of arithmetic errors discovered by the MDA in the evaluation of the bids in accordance with ITB Clause 28.

26.2 Subject to ITB Sub-Clause 26.1, no Bidder shall contact the MDA on any matter relating to its bid from the time of the bid opening to the time the contract is awarded. If the Bidder wishes to bring additional information to the notice of the MDA, he should do so in writing.

26.3 Any effort by the Bidder to influence the MDA in the MDA's bid evaluation or contract award decisions may result in the rejection of the Bidder's bid.

27. Examination of

27.1 Prior to the detailed evaluation of bids, the MDA will determine

- Bids and Determination of Responsiveness** whether each Bid (a) meets the eligibility criteria defined in ITB Clause 4; (b) has been properly signed; (c) is accompanied by the required securities; and (d) is substantially responsive to the requirements of the bidding documents.
- 27.2 A substantially responsive Bid is one which conforms to all the terms, conditions, and specifications of the bidding documents, without material deviation or reservation. A material deviation or reservation is one (a) which affects in any substantial way the scope, quality, or performance of the Services; (b) which limits in any substantial way, inconsistent with the bidding documents, the MDA's rights or the Bidder's obligations under the Contract; or (c) whose rectification would affect unfairly the competitive position of other bidders presenting substantially responsive bids.
- 27.3 If a Bid is not substantially responsive, it will be rejected by the MDA, and may not subsequently be made responsive by correction or withdrawal of the nonconforming deviation or reservation.
- 28. Correction of Errors**
- 28.1 Bids determined to be substantially responsive will be checked by the MDA for any arithmetic errors. Arithmetical errors will be rectified by the MDA on the following basis: if there is a discrepancy between unit prices and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected; if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; if there is a discrepancy between the amounts in figures and in words, the amount in words will prevail.
- 28.2 The amount stated in the Bid will be adjusted by the MDA in accordance with the above procedure for the correction of errors and, with the concurrence of the Bidder, shall be considered as binding upon the Bidder. If the Bidder does not accept the corrected amount, the Bid will be rejected, and the Bid Security may be forfeited in accordance with ITB Sub-Clause 17.5(b).
- 29. Currency for Bid Evaluation**
- 29.1 The MDA will convert the amounts in various currencies in which the Bid Price, corrected pursuant to ITB Clause 28, is payable (excluding Provisional Sums but including Day work where priced competitively) to either:
- (a) the currency of the MDA's country at the selling rates established for similar transactions by the authority **specified in the BDS** on the date **stipulated in the BDS**;

or

- (b) a currency widely used in international trade, such as the U.S. dollar, **stipulated in the BDS**, at the selling rate of exchange published in the international press as **stipulated in the BDS** on the date **stipulated in the BDS**, for the amounts payable in foreign currency; and, at the selling exchange rate established for similar transactions by the same authority specified in ITB Sub-Clause 29.1 (a) above on the date **specified in the BDS** for the amount payable in the currency of the MDA's country.

30. Evaluation and Comparison of Bids

- 30.1 The MDA will evaluate and compare only the bids determined to be substantially responsive in accordance with ITB Clause 27.
- 30.2 In evaluating the bids, the MDA will determine for each Bid the evaluated Bid price by adjusting the Bid price as follows:
 - (a) making any correction for errors pursuant to ITB Clause 28;
 - (b) excluding provisional sums and the provision, if any, for contingencies in the Activity Schedule, Section V, but including Day work, when requested in the Specifications (or Terms of Reference) Section VIII;
 - (c) making an appropriate adjustment for any other acceptable variations, deviations, or alternative offers submitted in accordance with ITB Clause 18; and
 - (d) making appropriate adjustments to reflect discounts or other price modifications offered in accordance with ITB Sub-Clause 23.5.
- 30.3 The MDA reserves the right to accept or reject any variation, deviation, or alternative offer. Variations, deviations, and alternative offers and other factors, which are in excess of the requirements of the bidding documents or otherwise result in unsolicited benefits for the MDA will not be taken into account in Bid evaluation.
- 30.4 The estimated effect of any price adjustment conditions under Sub-Clause 7.6 of the General Conditions of Contract, during the period of implementation of the Contract, will not be taken into account in Bid evaluation.

31. Preference for Domestic Bidders

- 31.1 Domestic bidders shall not be eligible for any margin of preference in Bid evaluation.

F. Award of Contract

- 32. Award Criteria**
- 32.1 Subject to ITB Clause 33, the MDA will award the Contract to the Bidder whose Bid has been determined to be substantially responsive to the bidding documents and who has offered the lowest evaluated Bid price, provided that such Bidder has been determined to be (a) eligible in accordance with the provisions of ITB Clause 4, and (b) qualified in accordance with the provisions of ITB Clause 5.
- 32.2 If, pursuant to ITB Sub-Clause 13.2 this contract is being let on a “slice and package” basis, the lowest evaluated Bid Price will be determined when evaluating this contract in conjunction with other contracts to be awarded concurrently. Taking into account any discounts offered by the bidders for the award of more than one contract.
- 33. MDA’s Right to Accept any Bid and to Reject any or all Bids**
- 33.1 Notwithstanding ITB Clause 32, the MDA reserves the right to accept or reject any Bid, and to cancel the bidding process and reject all bids, at any time prior to the award of Contract, without thereby incurring any liability to the affected Bidder or bidders or any obligation to inform the affected Bidder or bidders of the grounds for the MDA’s action.
- 34. Notification of Award and Signing of Agreement**
- 34.1 The Bidder whose Bid has been accepted will be notified of the award by the MDA prior to expiration of the Bid validity period by cable, telex, or facsimile confirmed by registered letter from the MDA. This letter (hereinafter and in the Conditions of Contract called the “Letter of Acceptance”) will state the sum that the MDA will pay the Service provider in consideration of the execution, completion, and maintenance of the Services by the Service provider as prescribed by the Contract (hereinafter and in the Contract called the “Contract Price”).
- 34.2 The notification of award will constitute the formation of the Contract.
- 34.3 The Contract, in the form provided in the bidding documents, will incorporate all agreements between the MDA and the successful Bidder. It will be signed by the MDA and sent to the successful Bidder along with the Letter of Acceptance. Within 21 days of receipt of the Contract, the successful bidder shall sign the Contract and return it to the MDA, together with the required performance security pursuant to Clause 35.
- 34.4 Upon fulfillment of ITB Sub-Clause 34.3, the MDA will promptly notify the unsuccessful Bidders the name of the

winning Bidder and that their bid security will be returned as promptly as possible.

34.5 If, after notification of award, a bidder wishes to ascertain the grounds on which its bid was not selected, it should address its request to the MDA. The MDA will promptly respond in writing to the unsuccessful Bidder.

35. Performance Security

35.1 Within 21 days after receipt of the Letter of Acceptance, the successful Bidder shall deliver to the MDA a Performance Security in the amount and in the form (Bank Guarantee and/or Performance Bond) **stipulated in the BDS**, denominated in the type and proportions of currencies in the Letter of Acceptance and in accordance with the General Conditions of Contract.

35.2 If the Performance Security is provided by the successful Bidder in the form of a Bank Guarantee, it shall be issued either (a) at the Bidder's option, by a PLSG located in the country of the MDA or a foreign PLSG through a correspondent PLSG located in the country of the MDA, or (b) with the agreement of the MDA directly by a foreign PLSG acceptable to the MDA.

35.3 If the Performance Security is to be provided by the successful Bidder in the form of a Bond, it shall be issued by a surety which the Bidder has determined to be acceptable to the MDA.

35.4 Failure of the successful Bidder to comply with the requirements of ITB Sub-Clause 35.1 shall constitute sufficient grounds for cancellation of the award and forfeiture of the Bid Security.

36. Advance Payment and Security

36.1 The MDA will provide an Advance Payment on the Contract Price as stipulated in the Conditions of Contract, subject to the amount **stated in the BDS**.

37. Adjudicator

37.1 The MDA proposes the person **named in the BDS** to be appointed as Adjudicator under the Contract, at an hourly fee **specified in the BDS**, plus reimbursable expenses. If the Bidder disagrees with this proposal, the Bidder should so state in the Bid. If, in the Letter of Acceptance, the MDA has not agreed on the appointment of the Adjudicator, the Adjudicator shall be appointed by the Appointing Authority designated in the Special Conditions of Contract at the request of either party.

The Invitation for Bids (see *Procurement Guidelines*, para. 2.8) is normally issued as

Its purpose is to supply information to enable potential bidders to decide on their participation. Apart from the essential items listed in these Sample Bidding Documents, the Invitation for Bids should also indicate any important or unusual bid evaluation criteria (for example, the application of a margin of preference in bid evaluation).

The Invitation for Bids may be incorporated in the bidding documents merely for the record, or it may be omitted. In either event, the information contained in the Invitation for Bids should conform to the bidding documents, and in particular, to the relevant information in the Bidding Data Sheet and the Special Conditions of Contract.

If used for prequalification verification, the Bidder should fill in updated information only.

The Letter of Acceptance will be the basis for formation of the Contract as described in Clauses 33 and 34 of the Instructions to Bidders. This Standard Form of Letter of Acceptance should be filled in and sent to the successful Bidder only after evaluation of bids has been completed, subject to any review by the PLSG required under the Loan Agreement.

Section IV. Eligible Countries

Input of Information to be completed by MDA

[Insert the policies of the PLSG as appropriate and if applicable, regarding eligibility of firms to participate in bidding process financed by the PLSG.]

Section V. Activity Schedule

Objectives

The objectives of the Activity Schedule are

- (a) to provide sufficient information on the quantities of Services to be performed to enable bids to be prepared efficiently and accurately; and
- (b) when a Contract has been entered into, to provide a priced Activity Schedule for use in the periodic valuation of Services executed.

In order to attain these objectives, Services should be itemized in the Activity Schedule in sufficient detail to distinguish between the different classes of Services, or between Services of the same nature carried out in different locations or in other circumstances which may give rise to different considerations of cost. Consistent with these requirements, the layout and content of the Activity Schedule should be as simple and brief as possible.

Day work Schedule

A Day work Schedule should be included only if the probability of unforeseen work, outside the items included in the Activity Schedule, is high. To facilitate checking by the MDA of the realism of rates quoted by the bidders, the Day work Schedule should normally comprise the following:

- (a) A list of the various classes of Services, labor, materials, and Plant for which basic day work rates or prices are to be inserted by the Bidder, together with a statement of the conditions under which the Service Provider will be paid for work executed on a day work basis.
- (b) Nominal quantities for each item of Day work, to be priced by each Bidder at Day work rates as Bid. The rate to be entered by the Bidder against each basic Day work item should include the Service Provider's profit, overheads, supervision, and other charges.

Provisional Sums

The estimated cost of specialized work to be carried out, or of special goods to be supplied, by other Service Providers (refer to Clause 8 of the Conditions of Contract) should be

indicated in the relevant part of the Activity Schedule as a particular provisional sum with an appropriate brief description. A separate procurement procedure is normally carried out by the MDA to select such specialized Service Providers. To provide an element of competition among the bidders in respect of any facilities, amenities, attendance, etc., to be provided by the successful Bidder as prime Service Provider for the use and convenience of the specialist contractors, each related provisional sum should be followed by an item in the Activity Schedule inviting the Bidder to quote a sum for such amenities, facilities, attendance, etc.

These Notes for Preparing an Activity Schedule are intended only as information for the MDA or the person drafting the bidding documents. They should not be included in the final documents.

Section VI. General Conditions of Contract

1. This sample contract for the Provision of Services has been prepared by the World PLSG for use by its MDAs and their implementing agencies (referred to hereafter as MDA) when they hire firms to provide Services paid on the basis of lump-sum remuneration.
2. Lump-sum contracts are used when definition of the tasks to be performed is clear and unambiguous, when the commercial risk taken by the Service Provider is minimal, and when therefore such Service Provider/s are prepared to perform the assignment for an agreed predetermined lump-sum price. Such price is arrived at on the basis of inputs—including rates—provided by the Service Provider. The MDA agrees to pay the Service Provider according to a schedule of payments linked to the delivery of certain outputs. A major advantage of the lump-sum contract is the simplicity of its administration, the MDA having only to be satisfied with the outputs without monitoring the staff inputs.
3. The Contract includes four parts: the Form of Contract, the General Conditions of Contract, the Special Conditions of Contract, and the Appendices. The MDA using this sample contract should not alter the General Conditions. Any adjustment to meet project features should be made only in the Special Conditions.]

Performance Incentive Compensation Appendix Provisions

ARTICLE 1- GENERAL

1.1 Documents Comprising the Performance Incentive Compensation Appendix

The Performance Incentive Compensation Appendix consists of:

- (a) the Performance Incentive Compensation Appendix Provisions;
- (b) Attachment #1 Incentive Compensation Calculation Procedure Notes; and
- (c) Attachment #2 Incentive Compensation Charts 1-[].

ARTICLE 2- THE PERFORMANCE INCENTIVE COMPENSATION

2.1 Performance Incentive Compensation Limits

- (1) The Performance Incentive Compensation paid to the Service Provider shall not exceed the equivalent of \$[] U.S. over the term of the Contact.
- (2) The actual amount paid to the service Provider as Performance Incentive Compensation shall be determined by the extent to which the Service Provider achieves the performance criteria set out in the Incentive Compensation Charts and by the application of the calculations set out in the Incentive Calculation Procedure Notes for the applicable Contact Year.
- (3) If the Service Provider fails to meet the “Excellent” rating set out in the Incentive Compensation Chart, in any Contact Year, the Service Provider will be obliged to make up the shortfall in the subsequent Contact Year, as well as meet the performance targets for that Contract Year.
- (4) Except as the MDA may, in its sole discretion, otherwise determine based on exceptional circumstances, if the Service Provider fails to attain the Maximum Annual Incentive Compensation in any Contract Year, the shortfall will not be available to the Service Provider in the subsequent Contact Years and the equivalent of \$[] U.S. per Contract Year maximum will not be increased.
- (5) For the purpose of calculating the equivalency of \$[] U.S. and \$[] U.S. pursuant to Sections 2.1(1) and 2.1(2) of this Performance Incentive Compensation Appendix, the equivalency shall be calculated as of the date of payment of the Performance Incentive Compensation.

**ATTACHMENT # 1 – APPENDIX G
INCENTIVE COMPENSATION CALCULATION PROCEDURE NOTES**

[SAMPLE: This part is to be designed on a case by case approach]

**PART A .THE METHOD FOR CALCULATING PERFORMANCE INCENTIVE
COMPENSATION IN EACH CONTRACT YEAR**

I. The Performance Incentive Compensation for each Contract Year shall be calculated as follows:

$$\text{Compensation} = \text{Composite Score} \times 0.2 \times \text{Maximum Annual Incentive Compensation}$$

Where:

- (i) The Maximum Annual Incentive Compensation is calculated as set out in Section 2.1 of the Performance Incentive Compensation Appendix Provisions; and
- (ii) The Composite Score is calculated in accordance with “Part B-The Method for Calculating the Composite Score” of these Incentive Compensation Calculation Procedure Notes.

PART B .THE METHOD FOR CALCULATING THE COMPOSITE SCORE

1. The Composite Score for each Contract Year shall be as follows:

Composite Score Total of All Weighted Scores **for the Performance Criteria**

Where:

- (i) The Weighted Score for each Performance Criterion equals Criterion Weight x Criterion Value;
- (ii) The Criterion Value is measured from “Excellent” to “Poor” with corresponding values of 5 (for “Excellent” performance) to 1 (for “Poor” performance) as set out in the Incentive Compensation Charts and evaluated based on the performance of the Service Provider;
- (iii) The Criterion Value which the Operator receives for any Performance Criterion is based upon the technical standards set out in the Incentive Compensation Charts under the headings, “Excellent”, “Very Good”, “Good”, “Fair”, and “Poor” as compared against the Operator’s actual technical standards in each Contract Year; and
- (iv) If the Service Provider’s actual performance in a Contract Year,
 - (a) exceeds the technical standards for an “Excellent” Criterion Value, then the Criterion Value shall be 5;

- (b) is less than the technical standards for a “Poor” Criterion Value, then the Criterion Value shall be zero; or
- (c) is in between the technical standards for two Criterion Values, then the Criterion Value shall be rounded down to the nearest whole number or 0.5 decimal point.

2. For the purpose of clarity, it is noted that there are only ten Criterion Values to be used as follows: 0, 1, 1.5, 2, 2.5, 3, 3.5, 4, 4.5 and 5.

3. Notwithstanding paragraphs 1 and 2 above, with respect to the Performance Criterion relating to institutional improvements in Attachment #2 The Incentive Compensation Charts 1-8,

- (a) if the Service Provider’s actual performance in a Contract Year is less than the technical standard for a “Fair” Criterion Value, then the Criterion Value shall be zero;
- (b) for the purpose of clarity, it is noted that there are only three Criterion Values to be used as follows: 0, 2 and 5; and
- (c) each of the documents or plans listed under the Performance Criterion shall be scored with the appropriate Criterion Value and a mean average score will be taken to calculate the Criterion Value for the Performance Criterion, which shall be rounded down to the nearest whole point or 0.5 decimal point.

4. For ease of reference, the following calculation represents the calculation of the Composite Score for a hypothetical Service Provider for four performance criteria in one Contact Year.

Sample Incentive Compensation Chart

Performance Criterion		Units	Criterion Values				
			Weight				
			Excellent	Very Good	Good	Fair	Poor
1.	e.g. Electricity use [% reduction in kW. hr consumed from Base Year]	0.30	65	55	50	40	30
2.	[Criterion 2] []	0.25	20	19	17	16	15
3.	[Criterion 3] []	0.15	30	25	20	15	10
4.	[C riterion ~] []	0.30	90	85	80	75	70

The following table demonstrates the procedure for the calculation of the “**Composite Score**”, if at the end of the year the achievements of the Service Provider are as follows:

1.	[e.g. Electricity use]	57
2.	[Criterion 2]	22
3.	[Criterion 3]	29
4.	[Criterion 4]	69

The average score shall be rounded to the nearest .5 decimal.

Section VIII. Performance Specifications and Drawings

(Describe Outputs and Performances, rather than Inputs, wherever possible)

VI (a) Notes on Specifications

A set of precise and clear specifications is a prerequisite for bidders to respond realistically and competitively to the requirements of the MDA without qualifying or conditioning their bids. In the context of international competitive bidding, the specifications must be drafted to permit the widest possible competition and, at the same time, present a clear statement of the required standards of workmanship, materials, and performance of the goods and services to be procured. Only if this is done will the objectives of economy, efficiency, and fairness in procurement be realized, responsiveness of bids be ensured, and the subsequent task of Bid evaluation facilitated. The specifications should require that all goods and materials to be incorporated in the Services be new, unused, of the most recent or current models, and incorporate all recent improvements in design and materials unless provided otherwise in the Contract.

Samples of specifications from previous similar projects in the same country are useful in this respect. The use of metric units is encouraged by the PLSG. Most specifications are normally written specially by the MDA or Project Manager to suit the Contract in hand. There is no standard set of Specifications for universal application in all sectors in all countries, but there are established principles and practices, which are reflected in these documents.

There are considerable advantages in standardizing General Specifications for repetitive Services in recognized public sectors, such as education, health, sanitation, social and urban housing, roads, ports, railways, irrigation, and water supply, in the same country or region where similar conditions prevail. The General Specifications should cover all classes of workmanship, materials, and equipment commonly involved in the provision of Services, although not necessarily to be used in a particular Services Contract. Deletions or addenda should then adapt the General Specifications to the particular Services.

Care must be taken in drafting specifications to ensure that they are not restrictive. In the specification of standards for goods, materials, Services, and workmanship, recognized international standards should be used as much as possible. Where other particular standards are used, whether national standards of the MDA's country or other standards, the specifications should state that goods, materials, Services and workmanship that meet other authoritative standards, and which ensure substantially equal or higher quality than the standards mentioned, will also be acceptable. The following clause may be inserted in the Special Conditions or Specifications.

Sample Clause: Equivalency of Standards and Codes

Wherever reference is made in the Contract to specific standards and codes to be met by

the goods and materials to be furnished, and Services or work performed or tested, the provisions of the latest current edition or revision of the relevant standards and codes in effect shall apply, unless otherwise expressly stated in the Contract. Where such standards and codes are national, or relate to a particular country or region, other authoritative standards that ensure a substantially equal or higher quality than the standards and codes specified will be accepted subject to the Project Manager's prior review and written consent. Differences between the standards specified and the proposed alternative standards shall be fully described in writing by the Service Provider and submitted to the procuring entity at least 28 days prior to the date when the Service Provider desires the Project Manager's consent. In the event the Project Manager determines that such proposed deviations do not ensure substantially equal or higher quality, the Service Provider shall comply with the standards specified in the documents.

These Notes for Preparing Specifications are intended only as information for the MDA or the person drafting the bidding documents. They should not be included in the final documents.

VI (b) Notes on Drawings

Insert here a list of Drawings. The actual Drawings, including performance diagrams or curves, etc. and site plans, geographical areas covered, should be attached to this section or annexed in a separate folder.

Section IX. Contract Forms

Notes on Forms of Securities

Samples of acceptable forms of Performance, and Advance Payment Securities are annexed. Bidders should not complete the Performance and Advance Payment Security forms at this time. Only the successful Bidder will be required to provide Performance and Advance Payment Securities in accordance with one of the forms or in a similar form acceptable to the MDA.

Performance Bank Guarantee (Conditional)

This form of Performance Guarantee is conditional in that the required conditions of default are not met until an agreement has been reached on the amount of damages payable, or until an award has been made under the applicable settlement of disputes procedures.

The triggering of this form of Performance Guarantee is conditional upon the Service Provider's "failing to execute the Contract or committing a breach of his obligations there under" and requires a statement by the MDA and/or the Project Manager to that effect, and an exercise of judgment by the Guarantor as to whether the required conditions of default have been fulfilled. Some forms of Guarantee contain further qualifying conditions, and are not triggered until an agreement has been reached on the amount of damages payable, or until an award has been made under the applicable settlement of disputes procedures. The construction industry favors this form of Guarantee over the Unconditional Guarantee whenever it is available. However, not all commercial PLSGs (as Guarantors) are willing to issue Conditional Guarantees, and not all MDAs are prepared to accept this form of Performance Security

This Agreement is made on the *[day]* day of *[month]*, *[year]* between *[name of PLSG]* of *[address of PLSG]* (hereinafter called "the Guarantor") of the one part and *[name of MDA]* of *[address of MDA]* (hereinafter called "the MDA") of the other part.

Whereas

(1) This Agreement is supplemental to a contract (hereinafter called the Contract) made between *[name of Service Provider]* of *[address of Service Provider]* (hereinafter called the Service Provider) of the one part and the MDA of the other part whereby the Service Provider agreed and undertook to execute the Services of *[name of Contract and brief description of the Services]* for the sum of *[amount in Contract currency]* being the Contract Price; and

(2) The Guarantor has agreed to guarantee the due performance of the Contract in the manner hereinafter appearing.

Now therefore the Guarantor hereby agrees with the MDA that upon receipt of

- (1) a written notice to the Guarantor from the Service Provider, or
- (2) a written notice to the Guarantor from the Adjudicator, or
- (3) a binding arbitration or Court award confirming that the amount of the Guarantee is payable to the MDA,

the Guarantor will indemnify and pay the MDA the sum of [*amount of Guarantee*] [*amount in words*] such sum being payable in the types and proportions of currencies in which the Contract Price is payable, provided that the MDA or his authorized representative has notified the Guarantor to that effect and has made a claim against the Guarantor not later than the date of issue of the Defects Liability Certificate.

The Guarantor shall not be discharged or released from his Guarantee by an arrangement between the Service Provider and the MDA, with or without the consent of the Guarantor, or by any alteration in the obligations undertaken by the Service Provider, or by any forbearance on the part of the Service Provider, whether as to the payment, time, performance or otherwise, and any notice to the Guarantor of any such arrangement, alteration, or forbearance is hereby expressly waived.

Given under our hand on the date first mentioned above.

Performance Bank Guarantee (Unconditional)

The Unconditional (or "On-Demand") Bank Guarantee has the merit of simplicity and of being universally known and accepted by commercial PLSGs. The contracting community, however, strongly objects to this type of Security because the Guarantee can be called (or threatened to be called) by MDAs without justification. MDAs should recognize the contractual conditions governing nonperformance by the Service Provider and should normally act only on the advice of the Project Manager in calling a Performance Guarantee. Any unjustified calling of a Bank Guarantee, or unreasonable pressure exercised by an MDA, would be regarded by the PLSG as contrary to the spirit and basic principles of international procurement. This type of Guarantee is called a "Bond" in a number of countries; however, it

should be distinguished from the U.S.-style "Performance Bond" as shown in Annex C.

To: *[name and address of MDA]*

Whereas *[name and address of Service Provider]* (hereinafter called "the Service Provider") has undertaken, in pursuance of Contract No. *[number]* dated *[date]* to execute *[name of Contract and brief description of Services]* (hereinafter called "the Contract");

And whereas it has been stipulated by you in the said Contract that the Service Provider shall furnish you with a Bank Guarantee by a recognized PLSG for the sum specified therein as security for compliance with his obligations in accordance with the Contract;

And whereas we have agreed to give the Service Provider such a Bank Guarantee;

Now therefore we hereby affirm that we are the Guarantor and responsible to you, on behalf of the Service Provider, up to a total of *[amount of Guarantee]* *[amount in words]*, such sum being payable in the types and proportions of currencies in which the Contract Price is payable, and we undertake to pay you, upon your first written demand and without cavil or argument, any sum or sums within the limits of *[amount of Guarantee]* as aforesaid without your needing to prove or to show grounds or reasons for your demand for the sum specified therein.

We hereby waive the necessity of your demanding the said debt from the Service Provider before presenting us with the demand.

We further agree that no change or addition to or other modification of the terms of the Contract or of the Services to be performed there under or of any of the Contract documents which may be made between you and the Service Provider shall in any way release us from any liability under this Guarantee, and we hereby waive notice of any such change, addition, or modification.

This Guarantee shall be valid until a date 28 days from the date of issue of the Certificate of Completion.

Performance Bond

This form of Bond corresponds to the U.S. practice, and should not be interpreted in the context of a "Bond" as known in other countries. As with the Conditional Bank Guarantee, the wording of some bonds may be such that an award under legal proceedings is needed to trigger action by the Surety.

By this Bond, *[name and address of Service Provider]* as Principal (hereinafter called “the Service Provider”) and *[name, legal title, and address of surety, bonding company, or insurance company]* as Surety (hereinafter called “the Surety”), are held and firmly bound unto *[name and address of MDA]* as Obligee (hereinafter called “the MDA”) in the amount of *[amount of Bond]* *[amount of Bond in words]* for the payment of which sum well and truly to be made in the types and proportions of currencies in which the Contract Price is payable, the Service Provider and the Surety bind themselves, their heirs, executors, administrators, successors, and assigns, jointly and severally, firmly by these presents.

Whereas the Service Provider has entered into a Contract with the MDA dated the *[day]* day of *[month]*, *[year]* for *[name of Contract]* in accordance with the documents, plans, specifications, and amendments thereto, which to the extent herein provided for, are by reference made part hereof and are hereinafter referred to as the Contract.

Now, therefore, the Condition of this Obligation is such that, if the Service Provider shall promptly and faithfully perform the said Contract (including any amendments thereto), then this obligation shall be null and void; otherwise it shall remain in full force and effect. Whenever the Service Provider shall be, and declared by the MDA to be, in default under the Contract, the MDA having performed the MDA’s obligations there under, the Surety may promptly remedy the default, or shall promptly:

- (1) complete the Contract in accordance with its terms and conditions; or
- (2) obtain a Bid or bids from qualified bidders for submission to the MDA for completing the Contract in accordance with its terms and conditions, and upon determination by the MDA and the Surety of the lowest responsive Bidder, arrange for a Contract between such Bidder and MDA and make available as work progresses (even though there should be a default or a succession of defaults under the Contract or Contracts of completion arranged under this paragraph) sufficient funds to pay the cost of completion less the balance of the Contract Price; but not exceeding, including other costs and damages for which the Surety may be liable hereunder, the amount set forth in the first paragraph hereof. The term “Balance of the Contract Price,” as used in this paragraph, shall mean the total amount payable by the MDA to the Service Provider under the Contract, less the amount properly paid by the MDA to the Service Provider; or
- (3) pay the MDA the amount required by the MDA to complete the Contract in accordance with its terms and conditions up to a total not exceeding the amount of this Bond.

The Surety shall not be liable for a greater sum than the specified penalty of this Bond.

Any suit under this Bond must be instituted before the expiration of one year from the date of issuance of the Certificate of Completion.

No right of action shall accrue on this Bond to or for the use of any person or corporation other than the MDA named herein or the heirs, executors, administrators, successors, and assigns of the MDA.

In testimony whereof, the Service Provider has hereunto set its hand and affixed its seal, and the Surety has caused these presents to be sealed with its corporate seal duly attested by the signature of its legal representative, this *[day]* day of *[month]*, *[year]*.

To: *[name and address of MDA]*

[name of Contract]

We, the *[PLSG or Financial Institution]*, as instructed by the Service Provider, agree unconditionally and irrevocably to guarantee as primary obligator and not as Surety merely, the payment to *[name of MDA]* on his first demand without whatsoever right of objection on our part and without his first claim to the Service Provider, in the amount not exceeding *[amount of Guarantee]* *[amount in words]*

We further agree that no change or addition to or other modification of the terms of the Contract or of Services to be performed there under or of any of the Contract documents which may be made between *[name of MDA]* and the Service Provider, shall in any way release us from any liability under this Guarantee, and we hereby waive notice of any such change, addition, or modification.
